

Jan 18 School Community Council Minutes

Celebrations: Comparing dibels data from the beginning of the school year to present, it is apparent that the newly implemented phonics program has helped increase the amount of students that are on or above grade level.

Chess club had a great turnout, with over 90 students participating, and good parent helper turn out.

Top ten behavior kids being worked with one on one, seeing improvement.

Mentor program from the district is making new teachers stronger and ready for the challenges of the classroom.

Goal #3: Bump goal to 55% because we are already above state and district average at our last year's stretch goal of 50%. As students are becoming more familiar with the testing techniques we hope to see continued growth.

Goal #4 and # 5 completed.
