

Our Playground is Under Construction!

Dear Parents,

Our playground is under construction. We are so excited! Our outside doors will no longer be accessible to enter and exit through. Until construction is finished here is the following drop off and pick up instructions.

AM Students:

Drop Off: Please enter through the front office doors and walk to class.

Pick Up: We will use the double doors by the flagpole right by Kindergarten to exit. We will line up against the wall outside by the doors unless it is raining/snowing. In case of bad weather, please meet us at the double doors to pick up your child.

PM Students:

Drop Off: We will open the double doors by the flagpole right next to Kindergarten at 12:30 Tuesday through Friday and 11:50 on Monday. Please have your child enter through this door. To ensure your child's safety DO NOT bring your child before 12:30 Tuesday through Friday and 11:50 on Monday, there is nowhere for them to play and no supervision. If your child is late, you must go through the office doors.

Pick Up: We will use the double doors by the flagpole right by Kindergarten to exit. We will line up against the wall outside by the doors unless it is raining/snowing. In case of bad weather, please meet us at the double doors to pick up your child.
