XTRAMATH

XtraMath is a great resource for students to use to improve their adding, subtracting, multiplying, and division skills.

Sign up as a parent or use the student's sign in that was created at school.

MESSAGE FROM

MR. ARGYLE

Welcome back from our holiday break. We are excited to begin a new year. During the winter months, January, February, and March, we encourage all students to dress warm and come prepared for outside recess. Please let the office know of any situations that would require your child to remain inside the office area during recess.

We continue to encourage all students to read each day at home and to complete all homework assignments in order to be prepared for our end-of-level testing experience in April and May.

LUNCH MENU

The location of the school lunch menu has changed.

To access the calendar go to www.nebo.edu

1. Click on DEPARTMENTS
2. OPERATIONS
3. FOOD SERVICE
4. Scroll down the page to MENU
5. Select Elementary School and then the school
6. Select BREAKFAST or LUNCH menu. All the options for that day will be shown, along with the nutritional value.
