KINDERGARTEN REGISTRATION

Please join us on Thursday, March 19, for Kindergarten Registration.

You will need to have a copy of your child's birth certificate and have their vaccinations up-to-date before August 19, 2015. There are new immunization requirements for kindergarten and seventh grade. The Utah County Health Department (UCHD) can help you.

New kindergartners are required to be up-to-date on vaccinations for diphtheria, tetanus, pertussis (DTP, DTAaP, or Tdap vaccine), polio, measles, mumps, rubella (MMR), hepatitis A and B, and varicella (chicken pox).

Children will not be assigned to a class until their immunizations are up-to-date.
