Leslie Toone Melissa Webster

- What is the purpose of School Community Council?
 - To build consistent and effective communication among parents, employees and administrators.
 - To allow parents an opportunity to be actively involved with the school, in their children's education.
 - To make good schools better.

FLUORIDE VARNISH PERMISSION SLIP

We could earn our school \$500. Return your fluoride varnish permission slips, marked “yes” or “no”, and the top 3 elementary schools who have the highest percentage of permission slips signed and returned will earn \$500.

- Oral health is the #1 need identified by the Utah County Health Department nurses.
- The state of Utah has minimal water fluoridation causing the rate of dental caries, or tooth decay, to be relatively high.
- We will be having a free dental campaign that will provide a dental kit to each student.
- All children, with parental consent, will be given an application of fluoride varnish. This FDA approved treatment is painted onto the teeth. It helps prevent cavities from occurring. It is free, quick, and painless.

LETS GO SANTAQUIN ELEMENTARY! TURN IN YOUR PERMISSION SLIPS BY OCTOBER 9 AND EARN OUR SCHOOL \$500.

Come to school every day and AWESOME things will happen!
