6th Grade Literacy Night.....	Sept. 27
<i>SEP Conferences .....</i>	<i>October 27</i>

What a summer! June, July, and August flew by and we are back in school. It is always so fun to start a new school year. We get to meet up with old friends, make new friends, meet new teachers, and be challenged with new information. We hope you have all enjoyed your first few weeks of school and are getting into the groove.

## Safety Guidelines

- Keep hands, feet, mouth, & objects to yourself.
- Follow the directions the FIRST time.
- Always be in the proper place.
- NO RUNNING in the halls.
- Leave toys, games, & electronic devices at home.
- The dugouts and baseball diamond are not for school use.

## Raz-Kids

[www.raz-kids.com](http://www.raz-kids.com)

Login information has been sent home. Improve reading and comprehension.

## REMEMBER TO...

**READ 20 MINUTES  
EVERY DAY**

## PARENTS of K-2 students

**COMING SOON** ⇒ **Home Access with Waterford**

This program assists with reading and language development.

"I feel using Waterford for our primary grade intervention is where we get the biggest bang for our buck," Park Elementary School Principal Ryan Kay said. "Putting those students on Waterford 15 minutes a day and letting them progress at their own rate—we've seen much bigger jumps than we would have without it."
